

JOURNAL OF MATHEMATICAL AND PHYSICAL SCIENCES

CONTENTS

VOLUME 2

Number 1, March 1968

L. M. MILNE-THOMSON. The Second Circle Theorem and Uniform Shear Flow	1
R. P. KANWAL. Hydromagnetic Waves—Theory and Applications	4
N. COBURN. Non-Equilibrium Relativistic 'Pseudo-Fluids' and Flows of Corresponding Newtonian Fluids	24
F. K. G. ODQVIST. Bending of Rollers of Non-Symmetric Cross Section	45
S. I. PAI. Unsteady Boundary Layer Flows of a Compressible Fluid	50
W. OLSZAK AND P. PERZYNA. The Constitutive Equations for Elastic/Visco-Plastic Soils	67
P. L. BHATNAGAR. Secondary Flows in Non-Newtonian Fluids	73

Number 2, June 1968

W. NOWACKI. Some Theorems of Asymmetric Thermoelasticity	111
C. N. KAUL. Discontinuities in Shallow Water	123
H. C. AGRAWAL AND JAGDISH PRAKASH. A Modified Theory for Hybrid Bearings	131
WILLIAM A. NASH AND T. F. BRIDGLAND JR. Bending of Thin Conical Shells Subject to Arbitrary Edge Loads	145
P. K. GHOSH. On (p, q) -Analytic Functions and Some of Their Applications in Mechanics of Continua	153
G. K. MIKHAILOV. On Some Two-Dimensional Problems of Steady Ground-Water Flow to Point Drains in a Given External Field	174
D. N. MITRA. On the Mixed Boundary Value Problems of Some Elastic Disc Bounded Partly by a Straight Line	183
C. DEVANATHAN. A New Approach to Non-Equilibrium Plasmas	189
J. L. NOWINSKI. Some Controllable States of Finite Oscillations of a Thick-Walled Sphere of Incompressible Hyperelastic Dielectric	198

Number 3, September 1968

ST. I. GHEORGHITZA. The Motion of Fluids in Porous Media with Cavities	...	211
A. S. GUPTA. Stability of Newtonian and Non-Newtonian Fluids Flowing Down an Inclined Plane	...	257
M. K. JAIN AND M. M. CHAWLA. The Solution of Ordinary Differential Equations in Legendre Series Using Collocation	...	273
S. N. SINGH AND M. S. SARMA. On Two-Dimensional Steady Hydromagnetic Radial Flow	...	284
G. A. NARIBOLI. On Some Aspects of Wave-Propagation	...	294

Number 4, December 1968

T. P. SRINIVASAN AND S. D. NIGAM. Invariant Photoelastic Coefficient for Crystals	...	311
B. D. AGGARWALA AND EDWARD SAIBEL. Tempering Stress in Circular Plates and Cylinders	...	321
O. P. BHUTANI. General Three-Dimensional Wave Propagation in Radiation Magnetogasdynamics	...	333
A. C. SRIVASTAVA. Constitutive Equations Used in Fluid Mechanics	...	345
P. D. S. VERMA. Certain Anisotropic Fluids	...	369
A. K. GAYEN AND J. V. VENUGOPALA RAO. Prediction Region for the Mean Values of Several Predictions on a Dependent Variable	...	389
